

DOMINIC SAVIO KINDERGARTEN, NERUL

REPORT – DIWALI CELEBRATION

By: Tr. Monika Dantas

Diwali Celebrated with Joy and Togetherness at Dominic Savio Kindergarten, Nerul

Dominic Savio Kindergarten, Nerul, celebrated the joyous festival of Diwali with great enthusiasm and festive spirit on **Friday, 17th October 2025**. The week leading up to the celebration was filled with excitement, creativity, and learning as children from all sections participated in various engaging pre-Diwali activities.

To make the festival more meaningful, the celebration began a week prior with a range of class-wise activities. **Nursery students** coloured a Diya worksheet, enhancing their fine motor skills while learning about the significance of light and positivity. **Junior KG children** brought clay diyas from home and beautifully decorated them using colours and decorative materials, expressing their creativity and joy. **Senior KG students** crafted colourful paper lanterns, which symbolized the triumph of light over darkness and added charm to the festive decorations in their classrooms.

On the day of the celebration, the entire school was filled with festive vibes as children came dressed in colourful traditional attire. In addition, Junior and Senior KG children were encouraged to learn and share about their family traditions, while Nursery students learned a joyful Diwali Poem that helped them understand the spirit of the festival. The teachers presented a delightful **Diwali Enactment** based on the theme "*Diwali of Sharing*", which highlighted the values of kindness, generosity, and togetherness. The engaging story and vibrant puppets captured the attention of the young learners and conveyed the true message of Diwali in a fun and meaningful way.

The celebrations continued with a lively **jam session**, where children danced joyfully to cheerful festive tunes. The laughter and excitement created a happy and vibrant atmosphere throughout the school. To conclude the celebration, children enjoyed delicious **sweets** with their friends, sharing smiles and happiness.

The Diwali celebration at Dominic Savio Kindergarten was indeed a wonderful experience that blended learning, creativity, and enjoyment. It helped children understand the cultural importance of the festival while spreading the message of love, light, and sharing.
